WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. PETITION FOR REVIVAL OF AN
APPLICATION FOR PATENT
ABANDONED UNINTENTIONALLY
UNDER 37 C.F.R. § 1.137(b)

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

Applicants respectfully petition to revive the above-identified application number under 37 C.F.R. § 1.137(b). According to the MPEP, 37 CFR §1.137(b) sets forth four requirements, and applicants have met all these conditions.

First, 37 CFR §1.137(b) requires a reply to the outstanding Office Action or notice. The outstanding Office Action was the Notification of Defective Response mailed February 4, 2008. A reply is submitted herein with this petition.

Second, 37 CFR §1.137(b) requires payment of the petition fee. Accordingly applicants hereby authorize the Commissioner to charge the petition fee of \$810 (small entity) as set forth in §1.17(m) to the undersigned's Deposit Account No. 20-1430.

Third, 37 CFR §1.137(b) requires a statement from applicants that the delay is unintentional. The entire delay, including the delay from the due date for reply through

the date of this petition was unintentional. The aforementioned Notification of Defective Response mailed February 4, 2008, was never received by applicants' attorney. A status check of the case on PAIR uncovered the Notification of Defective Response. The undersigned's company docket records for this time period were checked --it was determined the Notification was never received since there were no docket entries. Therefore, the undersigned believes that this communication must have been lost in the mail.

Fourth, 37 CFR §1.137(b) requires Applicants file a terminal disclaimer unless a utility application was filed on or after June 8, 1995. The above identified application was filed November 2, 2004; hence a terminal disclaimer is not required.

Additionally, the Commissioner is authorized to deduct any additional fees from, or credit overpayment to the undersigned's Deposit Account No. 20-1430. In view of the foregoing, applicants submit that the conditions set forth by 37 C.F.R. §1.137(b) have been fully satisfied, and therefore the above-identified application should be revived. Grant of this Petition is respectfully requested.

Respectfully submitted,

ShengFeng Chen
